

**REQUIRED PUBLIC DISCLOSURE DOCUMENT - ACO PARTICIPATION WAIVER  
PIONEER VALLEY ACCOUNTABLE CARE, LLC (“PVAC”)**

PVAC has entered into a Next Generation ACO Model Participation Agreement with the Centers for Medicare and Medicaid Services (“CMS”), effective January 1, 2016. CMS and the Office of Inspector General (“OIG”) of the Department of Health and Human Services have jointly issued waivers for specified arrangements involving ACOs participating in the Next Generation ACO Model that waive the application of certain federal fraud and abuse laws, including the federal Anti-Kickback Statute and Physician Self-Referral Law, to certain ACO arrangements.

PVAC’s Board of Managers has duly authorized the arrangements below and made a bona fide determination that such arrangements are reasonably related to “ACO Activities” because they will promote accountability for the quality, cost, and overall care of Medicare beneficiaries aligned with PVAC (“Aligned Beneficiaries”). A description of the arrangements is set forth below for the purpose of PVAC availing itself of the protections afforded under the “Participation Waiver.” This document will be supplemented as additional arrangements arise.

**DISCLOSED ARRANGEMENTS**

Agreements with Physicians Serving Aligned Beneficiaries in Skilled Nursing Facilities. PVAC has entered into agreements with the physicians identified below, effective as of the date across from each physician’s name. Each physician agrees to assist PVAC with care coordination, performance improvement, implementing care pathways and protocols, and other activities aimed at improving the quality and efficiency of care received by such physician’s patients who are Aligned Beneficiaries residing in skilled nursing facilities.

Professional Services Agreement regarding Home Visits: PVAC has entered into an agreement with Post Acute Care Clinicians LLC effective August 3, 2017. This medical practice has agreed to provide the services of physicians, nurse practitioners, and physician assistants to perform post-care home visits for Aligned Beneficiaries in order to promote safe and sustainable transitions to home and reduce unnecessary hospital admissions, thereby promoting accountability for the quality, cost and overall care of beneficiaries. The program became operational on October 24, 2017.
